

Notice: IHE China 2020 To Postpone to December 6th-8th,2020

At China Import and Export Fair Complex (Guangzhou)

Dear Exhibitors, Visitors and Industry Colleagues,

Since the global spread of COVID-19, we have been closely monitoring the rapidly evolving coronavirus outbreak. The State Council recently issued the "Guiding Opinions on Doing a Good Job in the Prevention and Control of Normalization of New Coronary Pneumonia". The document clearly states that under the premise of implementing prevention and control measures, various necessary conferences and exhibition activities can be held.

Therefore, as the organizer of IHE China, we have decided to postpone the IHE China to **December 6th-8th,2020** at **China Import and Export Fair Complex**. We are pleased to report that this decision is supported by both international and domestic exhibitors and partners. Currently all our work, preparation and promotion for IHE China 2020 has adapted to new exhibition date.

We would like to sincerely thank you for your understanding and support. We look forward to welcoming you to IHE China in December 6th-8th at China Import and Export Fair Complex.

Sincerely

IHE China Organizer Office
