The Guangzhou International Food Processing, Packaging Machinery and Equipment Exhibition (IFPE), with years of growth, has established itself as a premier industry event covering the entire food chain from production and processing to packaging and investment promotion. Co-located with IHE China (Guangzhou International Health Industry Expo), IFPE delivers a high-caliber platform for professionals to exchange ideas, forge partnerships, expand supply chains, and elevate brand profiles.

As the global food industry advances at a rapid pace, Chinese food machinery has become both a cornerstone of China's own food sector and a focus of international attention. Drawing buyers from over 20 countries and regions—including Japan, South Korea, the UAE, Russia, Australia, Germany, Canada, and the US—the exhibition unlocks fresh opportunities for Chinese food machinery manufacturers seeking to expand into overseas markets.
